## Report of the Superintendent of Schools

---

To the School Board and Citizens of New Durham:

School statistics for the school year 1929-1930 follow.

Number of pupils registered, 71; 41 boys, and 30 girls. The number in the several grades was as follows: Grade I, 11; Grade II, 12; Grade III, 12; Grade IV, 7; Grade V, 5; Grade VI, 8; Grade VII, 10; Grade VIII, 6. Average attendance was 55; per cent of attendance, 91; number of visits by school board, 9; by the superintendent, 64; by citizens, 60. The number neither absent nor tardy was 7.

Three schools are maintained this year with the same teachers as last year. All are doing well even though the attendance is low on the part of some pupils.

### HIGH SCHOOL PUPILS

Sixteen New Durham pupils are attending high school this year. This is five more than we had last year. Only two of these graduate this year and two have moved away. Four or five new ones will enter high school next year. That means that the tuitions of these pupils will amount to about \$1,500 a year unless some of them drop out. At the last annual meeting \$1,000 was appropriated for high school tuitions. That means a deficit for the present year of approximately \$400, and makes it necessary to raise at least \$1,400 for the year 1931-1932.

During the summer some repairs were made on the school buildings. A new wood house was built at the Ridge and attached to the main building to save going outside and have room enough for a year's supply. Some more work needs to be done the coming summer.

You will note that the Equalized Valuation in the district of New Durham has fallen about \$20,000.00 for the next two years. That means that the \$5 tax will give the school fund about \$100 less. We expect the loss will be approved for state aid.

The school board, teachers, and superintendent appreciate the kindly cooperation given them by the people of New Durham.

Respectfully submitted,

F. U. LANDMAN,

New Durham, N. H., Feb. 4, 1931
